

ENGL 100: Some Extra Credit Opportunities, Spring 2019

What's it worth?

- **You can earn one (1) Mark of Exceptional Effort for each extra credit event you attend and review.**
- Marks of Exceptional Effort can be used or saved.
 - Used marks serve to make up work: one mark makes up for one missing task; three marks makes up for one missing or non-passing proficiency demo.
 - Saved marks can be collected to earn an A. To qualify to earn an A in the course, students need to earn and retain 15 marks of exceptional effort.
- Extra credit reflects extra effort for attending a campus/community event that offers potential for growth in English / the Liberal Arts. (Since a goal is to be a part of campus events, films must be viewed at the event).

How many can I do?

- You can get extra credit for up to three events.

What do I need to do?

- For extra credit, write a review of any event (or workshop) you attend. The review needs to be specific enough to make it clear you were there. Films must be seen on campus, and reviews must also comment on the guest speaker(s) and/or discussion after the films. Type 1/2–1 page, double spaced, and simply write about this: *what you saw and what you thought of it*. Be honest and express your opinion.

When is it due?

- Turn in your review anytime within a week after the date of the event.

What can I write about?

- Below are some possibilities. *** More might be announced in class in the future. ***

Free Writing Skills Workshops

**Fridays, 9:30-11:20 am; Founders Hall 231
